FROM THE HOD's DESK

It gives me an immense pleasure to present the first issue of newsletter of Electronics & Communication Engineering Department. The newsletter offers a platform for showcasing the departmental activities throughout the year. As per our vision, our team strives persistently to improve educational environment in the department. We are always engaged in the activities for overall development of our students with various aspects like technical education, self-motivation, ethics and personality. As the field of electronics and communication is ever changing, we arrange various additional workshops, seminars and expert lectures for our students and motivate them to pursue advanced graduate studies so that they can cope-up with challenging industrial demands. I look forward to more upgrading issues of the newsletter in coming future. My best wishes always!
